## **Bairns' Hoose Knowledge Exchange Programme**

**October 2025 – March 2026**

Knowledge exchange is the process by which learning is translated between research, policy and professional practice. We aim to support people to 'learn together', share their experiences and build a community of practice for Bairns' Hoose.

### **Spotlight series**

This series brings together learning, research and best practice from partnerships in Scotland. Researchers and practitioners reflect on their Bairns' Hoose journey and present their learning and examples of good practice.

Online events are open for anyone to register and attend.
